In case you live under a rock, The Past for parents is about a long-lost twin encounter, swapping places, and scheming to make their parents fall in love with each other again. Turn it on so nostalgia will run. The Mother's Day Mood: And I'm headed into my crazy mexed-up teen years, and I'll be the only girl I know without a mother to fight with. STREAM NOW 3 Todo Sobre Mi Madre Although less famous and decidedly more depressed than the earlier flick, Pablo Almodovar's Todo Sobri Mi Madre (All About My Mother) is a must-watch. It takes on an innovative structure, flashes between the past, the present and the future, exploring the identity of motherhood in the shadow of loss. Mother's Day Mood: There are people who think that children are made during the day. But it takes a long, very long time. STREAM NOW 4 Juno Unusual family dynamics, perhaps, but oh-so full of love and support, Juno spotlights all kinds of maternal personalities and relationships. And it's funny when you start with an epic soundtrack. If you haven't seen her yet, it's an unplanned teenage pregnancy. Mother's Day Mood: Well, honey, doctors are sadists who like to play God and watch less people scream... Hey, can we get my kid a fucking spinal tap? STREAM NOW 5 Secret Life bees Inside the first scene we learn that Lily (Dakota Fanning) has tragically lost her birth mother, but as a film She gets three more when she escapes to live with her caretaker Rosaleen. STREAM NOW 6 Sirmalds' 90s Winona is a goodness to see on screen, especially alongside Cher and Christine Ricci. The mermaid is about a kooky, but loving mother who likes to jump from city to city, exorcising her children every time. This is a great lesson in striving for individuality and growth above perfection, as well as an example of how much our childhood can shape us. Mother's Day mood: Don't do anything you wouldn't do... Or don't do anything I do. STREAM NOW 7 Grey Gardens Quirky, beautifully shot, endlessly fascinating, and for some, perhaps a cautious story/alternative reality in which you never leave your mother's side and get a little too friendly with neighborhood raccoons. Watch a documentary about Jackie Onassis' relatives, and you'll see what we think. Mood for Mother's Day: There are some nice people in the world, you know. I just happen not to be related to any of them. STREAM NOW 8 All the Boys I've Loved Before All the Boys I've Loved Before is a gentle and funny film of a coming age that offers us an extremely low-represented family structure. Although it is a 14-year-old girl's love life, it also depicts siblings who lost their mother early in their lives and are raised by a single father – Mother's Day should celebrate all motherhood personalities, no matter what they look like. Mood for Mother's Day: I'm going to do my homework... I was thinking about my family, and I forgot it wasn't just about the father and sisters. And that only happens for a quarter of a second, but... I feel very, very guilty about it. I've never told anyone that before. STREAM NOW 9 Lady Bird This is the best mother day movie of all movies for Mother's Day. He has a realistic view of romantic, platonic and family ties, but with a sense of humor. It's also about self-search and distance. Mood for Mother's Day: It's hard enough to open a heart in this world. Don't make it any more so. STREAM NOW 11 Moonlight Here's a real heart wrencher. Although in the film it is the story of one man's life, when he wrestles with the own identity of a young gay black man growing up in it's a lot more than romantic love. It's about the communities he finds in unexpected places and people, and the complicated relationship she shares with her mother. You don't have to love me, but you'll know I love you. STREAM NOW 12 Stepmother OK, actually this is perhaps the best mother day movie of all the movies about Mother's Day. We'll leave him with the te for now. STREAM NOW 15 Little Miss Sunshine This charming family dramedy is the perfect thing to be put on when you spend Mother's Day with the whole gang (or just when you're alone). The show's heroes made the Hoover family hop into their VW van and trek from New Mexico to California to support the most dangerous (Abigail Breslin) on little miss sunshine. The wisdom for Mother's Day: A real loser is someone who is so afraid that he doesn't win, he doesn't even try. STREAM NOW 16 Almost famous You can always count on Frances McDormand to deliver a compelling performance, and although he is in no way a central character in Almost Famous, she certainly steals every scene in which she is like 15-year-old William's mother. Beware of style inspo (Penny Lane, I still want your coat), upcoming adventures and a fun soundtrack. The fun musical is about Sophie as she tries to figure out who her birth father is by inviting all three potential candidates to the wedding without telling her mother. Wisdom for Mother's Day: Someone upstairs gave it to me. I bet she's my mother. Tok now 20 We need to talk about Kevin and end up on a light note... So you and your mom appreciate a little spok? Lynne Ramsay's masterful interpretation of Lionel Shriver's We need to talk about Kevin will surely build tension in the room. This drama/horror/thriller is perceived in such fresh and stunning (albeit dark) ways by the concept of motherhood and maternal instinct. Motherhood: Motherhood, I've put it off in the park.
